IN MEMORY OF

TONYA BATES

A girl known to us for her memorable smile — and that constant sparkle in her eyes. Her love for skiing was apparent to everyone as she left almost every weekend to fulfill that passion. When you are 13 years old, you take for granted the friendships that you have, never stopping to think for one minute that anything could possibly happen to end that friendship — until you are hit with death.

That's what it took for us — the class of 1990, to realize that at any given moment in our lives, someone that was close and dear to us, could be taken away without giving us a second chance to tell that person what we really thought or felt.

It is too late for us now to tell Tonya how special she was to all of us, and how much we did care for her — but we can show her this by keeping her memory in our every day thoughts and in our hearts.

WHEN I MUST LEAVE YOU
When I must leave you
for a little while,
Please do not grieve
and send wild tears
Hug your sorrow
to you through the years,
But start out bravely
with a gallant smile;
And for my sake
and in my name
Live on and do
all things the same.
Feed not your loneliness
on empty days
But fill each waking hour
in useful ways.
Reach out your hand
in comfort and in cheer
And in return I will comfort you
and hold you near;
And never, never
be afraid to die,
For I am waiting
for you in the sky!

THE SPECIAL ONE

She was a girl of her own type
She was the type that loved ones, and ones loved her
She was beautiful in many ways —
Her beautiful smile
Her beautiful way she said, "Hello"
Her beautiful body
and most of all her beautiful soul
They have all left us, — but not by dying,
by moving up a giant step above us all.
She has met the life where there is no death,
no darkness, and most of all no sadness.
The only word that says this all is "Special"
She is special
She is that special glow in the sky that we all
see when we look up.

Special is Tonya
Tonya is "The Special One"

Class History '90

When we entered Nauset High School in the fall of 1986, it seemed so huge and overpowering. It was then that we, the Class of '90, were the little guys both in maturity and size. We witnessed the first ever Homecoming extravaganza. Looking back to that Friday night, it wasn't all that extravagant due to the rain, but a good time was still had by all. We got used to campus life, learned our way around school, and before we knew it, June had entered and summer vacation had begun.

September, 1987, brought our Sophomore campaign. We were all happy not to be the youngest class in the school. The Second Annual Homecoming was held, and this time without rain. Eric Moore and Gillian MacKenzie were named to the head of our court. The magazine drive was held which was our biggest fundraiser. The Patriot's came to Nauset to put on a show, but on the basketball court instead of the football field. The Junior-Senior Prom, "When in Rome" was held in the gym. Even though we couldn't go as a class, we could say wait 'til next year. (Too bad the Class of '89 voted us out that next year.)

Then came the 88-89 school year when we were the Junior Class, and finally upperclassmen. This was to be our most important year academically. It was the year that we were introduced to the S.A.T. and when we started to realize that we would soon have to think about college. October came and so did Homecoming. Chris Bernard and Pam Sandblom were our Prince and Princess. Most of us got our licenses and with it more independence. We grew both in and out of the classroom. This was also the year that it went from a Junior-Senior prom to just a Senior prom, thereby leaving us out in the cold. Oh well, there were other things to look forward to like the summer and our Senior year.

In September, 1989, we came back to Nauset as the Senior Class. It seemed hard to believe that it was finally our turn to be Seniors. It was a busy year, full of excitement. We looked at colleges and filled out applications hoping that our favorite college would accept us. The Fourth Annual Homecoming was held again in October as Tim Struna and Gillian MacKenzie were named King and Queen. We had the Senior Banquet March 3 at the Tara in Hyannis after it was cancelled in February due to snow. On May 12, we had the Senior prom at the Wychmere Harbor Club and finally the day we all anticipated. On June 3, we the Class of 1990, after four years of hard work, fun, and memories, graduated from Nauset Regional High School.

In looking back, our high school years were not only filled with studying and tests, but also with times of hanging out with our friends, playing or watching games, going to parties, or having fun however we chose to. It was four years full of good times and bad ones. It was four years full of memories not made to be forgotten.

FOREIGN EXCHANGE STUDENTS

FRANCISCO JOSE JIMENEZ HACES

Thank you everybody because this was a really nice year in my life. This school is really fun and I'm not going to forget anything about Nauset. Don't worry be happy.

FRANCISCO XAVIER ARENDS

Thank you everybody for everything and good luck.

ALEXANDER VOGES

This 10 months on Cape Cod was a really interesting experience for me. Coming from a big city to the little Wellfleet was a big change but my host family and all the people at Nauset were so friendly and nice to me that I had no problems with that.

Maybe my stay here was interesting for the other students, too. At least now my whole Trigonometry class knows some important German words.

CHRISTINE MOUSTY

I had realized a dream - to go to America. It's very special to speak another language; see another civilization and traditions; to live another life during 1 year. I won't be very original if I say that I had a great time and I met wonderful people, but I did! I will remember this experience all my life. Thanks a lot everyone!

gone. Star forwards return to most Outer Cape hockey teams, but the best goalies were graduated last spring. Look for some football scores in the Cape & Islands Hockey League this winter.

Harwich's Sean Sullivan, now playing for Lowell, stopped 91.4 per cent of a staggering 700 shots last season to lead the C&I. Nauset's Kirsten Davis, the only female goalie in the league last year, stopped 88.5 per cent of 111 shots.
